In Tribute

In this forty-second publication of the "Bugle," the yearbook staff wishes to extend a particular tribute to an organization which has come to be regarded in Crescent Heights as an annual event. This group, now in its twenty-seventh year, is the Operatic Society. On the yearbook cover and in various places throughout the book, the staff has endeavoured to honor suitably this versatile and enduring selection of students and teachers which, through the years, has brought delight and amusement not only to the actors, directors, orchestra members and stage crews, but also to the rest of the students and staff members and to the large public assemblage which gathers each spring to enjoy our Operetta.

Dedication

This issue of the Crescent Heights School yearbook is gratefully dedicated to Mr. W. C. Frickleton, for many years a teacher at this school and since 1955 Head of the Guidance Department in Crescent.

Born in Owen Sound, Ontario, Mr. Frickleton attended High School in Redcliffe, Alberta and obtained his teacher training at the Normal School in Calgary in 1916. 1917 saw him in the Air Force of World War 1, followed by a period of convalescence in Switzerland.

After the war, during his attendance at the University in Edmonton, Mr. Frickleton married. Following graduation, he taught near Camrose, at Pincher Creek and later at East Calgary High School, now Colonel Walker Junior High School. Mr. Frickleton came to Crescent in 1936 and, before entering the guidance field, he taught chiefly physics.

Camping, fishing, hunting and golfing are among Mr. Frickleton's interests.

Following his retirement in June of this year, Mr. and Mrs. Frickleton plan a trailer trip, "gypsying" south, when the weather turns colder in the autumn.

During their trip to Florida and in succeeding years we hope Mr. and Mrs. Frickleton find much to enjoy. On behalf of all students and teachers with whom Mr. Frickleton has worked, "The Bugle" wishes to express appreciation for his service to Crescent Heights and best wishes for the future.

KAREN SOMMER
Editor-in-Chief

The life of people in Calgary today is one of rapid changes and vivid contrasts. Just this year we have witnessed the beginning of jet travel in the Canadian West. In three hours we can fly from Calgary to Toronto by jet. In a matter of nine hours we can be in Europe. When old timers begin recalling the mode of transportation which they used, it makes us stop and wonder what science will give us in our lifetime. Today's high school students may travel to the moon, Venus, Mars, or even Pluto!

This is no more unlikely than changes which have occurred in the lifetime of Calgary's senior citizens. One of these pioneers, Mr. K. Wright, who is now ninety-five, was owner of a bull train which ran from Calgary to Fort Benton (now Great Falls) in the 1880's. The outfit was drawn by six or eight oxen and could carry up to fifteen thousand pounds. It took the bull train five weeks to cover the 380 mile route. Mr. Wright also operated a Concord Coach line. A coach would be pulled by four horses and would carry twelve to fifteen people as well as mail. During the 1870's and 1880's, this was one of the speediest methods of travel. To Mr. Wright, as a young boy, travelling by oxcart was just as adventurous as travelling by jet is for us. What do you suppose we shall see in the future? What shall be required of us to help fulfil the needs of our time? Much shall be required of those to whom much is given.

We need dedicated persons if we are to achieve. We need people who will look upon life with a positive, creative attitude. We need people who can co-operate with others so that, likewise, nations can co-operate. We must try to use our discoveries for the betterment of mankind, to use our creative impulses for the alleviation of suffering and poverty. This is the goal for which we should strive.

Thank You Page

As I stood holding the 1960-1961 "Bugle," which was then a mass of disarranged typewritten pages and dozens of photographs, I thought again of the hours of work of many people, which had made the forty-second issue possible.

Now I wish to extend my thanks to Miss Sibbald, Mr. Baldwin, and Mr. Warwick for the time which they spent on this yearbook. Its success depended a great deal upon their efforts.

Also to my staff, whose abilities and assistance I could not have done without, I give many thanks.

Certainly Mr. Cooper's support and Dr. Johns' interest in Crescent were a great encouragement in this publication.

Neither I nor "The Bugle" could have persevered without the assistance of those Grade 12's who worked so industriously to write the biographies.

To Erich Berndt and Michael Jessen I throw many bouquets for their tireless canvassing for advertising.

And for the artwork in this "Bugle" we all thank Mrs. Moore and her co-operative art class.

Because the photos of individual students mean so much to everyone, I would like to show my appreciation to Mr. R. Mrakawa who photographed the teachers and students in September. Of course, "The Bugle," owes a debt of gratitude to the Phoenix Press who published this volume.

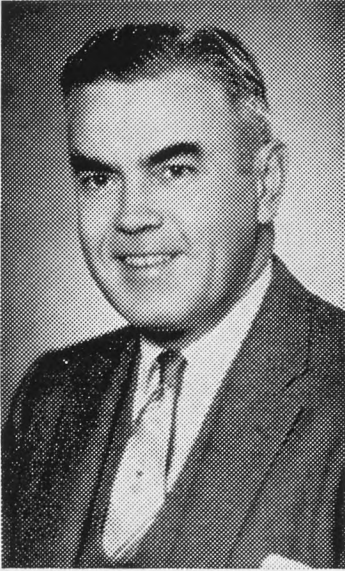

For so many of the candid photos in this yearbook we have the Photo Club (Jim Mayhew, Benny Trombinski, Tony Field, Ron Johnston, Tom Wagner) and Don McKay to thank.

Finally, I must thank each student and teacher for purchasing another "Bugle" and I urge all of you to support our advertisers who have done so much to make this publication possible.

READING — A VANISHING PLEASURE?

DR. W. H. JOHNS

I am very happy to have the opportunity of writing the guest editorial for the yearbook of Crescent Heights High School, for it has had a splendid record as a centre of the best in secondary education for many years. I am sure the staff and students are proud of this record and are anxious to see that it is maintained.

One of the ways in which the reputation of a school can best be advanced academically is by being made up of real students—that is, of young men and women who have the ability and desire to study—to apply their minds to the business of acquiring information and using it in the solution of problems or of adding further to the store of knowledge. New knowledge can be created or new thoughts conceived on man, on science, or on society, only by those who have gained a basic store of knowledge themselves and have exercised and trained their minds to use this knowledge in a creative or imaginative way. These are the leaders of tomorrow.

One way to achieve this is by wide reading. Now that nearly every home has at least one radio and television set, the habit of extensive reading has inevitably become less widespread. This is unfortunate for there is no real substitute for reading as a means of stocking and exercising the mind. Reading is usually accompanied by speculation or thought to a greater degree than is possible through the radio or the television set.

What should a high school student read today? There are, of course, many excellent novels in the public libraries, or even in your own homes. A good novel, well written, will contribute much to your education. Beyond these you should read good books of history and biography of which there are thousands available. Read books about life today in other countries, including the accounts of travels by people from Canada.

Books are a very important part of your literary fare, but you should also read good magazines, like Maclean's or Saturday Night, and

the daily newspaper. No one can claim to be a literate or responsible citizen today unless he has become acquainted with the events of the day as described on the front pages of newspapers and the opinions on these events as printed on the editorial page. Make it a habit each day after school or each evening after dinner to spend at least half an hour with the newspaper instead of with the TV set. It may be hard to do at first, but if you do it faithfully for a few weeks, you will soon find that there is greater pleasure and satisfaction in being well informed than in being poorly entertained.

The more you read, the more you will enjoy reading and the greater satisfaction you will find in learning from the books you read. Today there is a greater supply of inexpensive books on a wide variety of subjects than was ever known in history before. It should be possible, therefore, for most of you to buy a few books of your own and to make a practice of underlining the passages that you consider most significant or most memorable. You might even write in your own comments in the margin if you are reading the book critically and thinking about what the author has to say as you read. Just remember that you should never do this in a library book or a book you have borrowed from someone else.

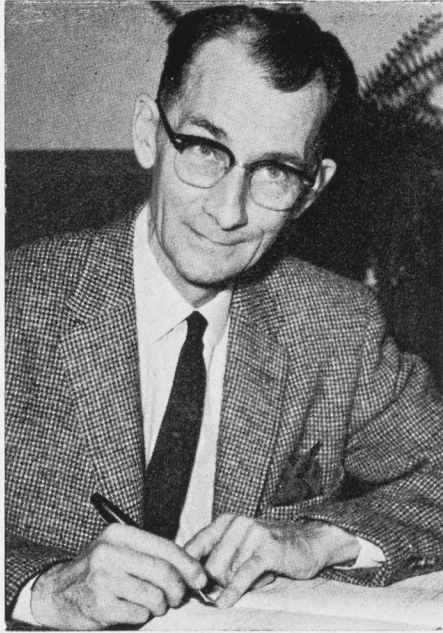

Finally, reading extensively will make you a better student and will improve your chances of entering University and adding further to your chances for a richer and happier existence, so pick out a good book and start reading today and keep at it until the habit of reading is a natural part of your life.

Principal's Message

For many years, the people of the Christian world had, in addition to their belief in the doctrines of Christianity, a belief in certain virtues for guidance in seeking the good life.

The material world has changed almost beyond recognition since Christianity was introduced and virtues such as these were accepted. In spite of these pronounced material changes, it is felt that those things in the spiritual world that were proved to have been good in the past have not changed. They remain as guide posts to good living, now as formerly.

Prudence: caution in a line of action; thoughtfulness regarding the consequences of actions.

Fortitude: strength of mind or soul that enables a person to encounter danger or bear pain with courage.

Temperance: the observance of moderation; restrained or moderate indulgence.

Justice: action which conforms with what is right; uprightness.

When moral standards are very much in question, and when earnest young people are seeking values to which they may hold, the good standards contained in prudence, fortitude, temperance and justice will still provide a safe guide to the attainment of the good life.

It is the earnest hope of the staff of this school that our young people will accept these high ideals as their own.

In Memoriam

MISS KATHERINE MARTIN

Miss Kay Martin, a teacher in Calgary for approximately thirty years, for eight of which she taught art at Crescent Heights High School, died in Vancouver, April 4, 1961. A lasting memorial to her memory are her pupils' beautiful murals on the cafeteria walls. The 1959 **Bugle**, in a tribute to Miss Martin, also records appreciation for the treasure house of books and art which she donated for the use of Crescent students. In these ways, as well as in the memory of those who knew her, Miss Martin's devotion to art, her talent, and her generosity will continue to enrich the lives of all at Crescent Heights High School.

MR. PAUL BRECKEN

A former Crescent teacher and Vice-principal, a distinguished city Alderman and community leader passed from the Calgary scene when Mr. Paul Brecken died suddenly, September 4, 1961. He taught physics at Crescent Heights High School from 1921 until his retirement in 1951. Mr. Brecken was the type of man who gives of himself to many worthwhile activities; he is greatly missed in this city.

MR. J. D. FERGUSON

Mr. J. D. Ferguson, who died at Vancouver last fall, made an immense contribution to the lives of countless Crescent Heights students during his career of twenty-eight years here as a teacher of history and Vice-principal. Mr. Ferguson, at Crescent from 1915 to 1943, left the lasting impression of a great personality with all who had the privilege of knowing him.

In Remembrance

Mr. George W. Annesley
Receiving Distinguished Flying Cross

Many students of Crescent Heights High School heard with deep regret of the sudden death of Mr. George W. Annesley, a well-known teacher at Crescent. Mr. Annesley was holidaying with his wife in Paris, when he was stricken and died suddenly, 27th July, 1960.

He was born in Biggar, Saskatchewan, but grew up and took his schooling in Camrose, Alberta. After graduating from Normal School, he taught for some time in the Camrose district.

A period of war service interrupted his teaching career. He was in the R.C.A.F. as a Bomb Aimer and served with 626 Squadron of the R.A.F. He was awarded the Distinguished Flying Cross for his courage and devotion to duty. After completing his tour of operations, he was married in Britain, and returned to Canada where Mrs. Annesley soon joined him. He held the rank of Flight Lieutenant when discharged.

Mr. Annesley then resumed his teaching career, at Jarvie and Barrhead, Alberta, before coming to Crescent Heights in September 1954. He taught social studies, psychology and English at Crescent, and sponsored the Red Cross Club for one term.

He was keenly interested in sports of all sorts, but particularly football of which he was an ardent fan. He was also an experienced camper and fisherman. He enjoyed classical music.

Students and staff members alike will miss Mr. Annesley for his unfailing good humor and for his devotion to the needs of his pupils.

Valedictory Address

Mr. Chairman, Honoured Guests, Parents, Teachers and fellow graduates:

"The play is done; the curtain drops
Slow falling to the prompter's bell;
A moment yet the actor stops
And looks around to say farewell.
It is an irksome word and task
And when he's laughed and said his say,
He shows as he removes the mask
A face that's anything but gay."

The curtain is indeed coming down on an important act of our lives: we are graduating from high school. And, just as with every accomplishment there comes happiness, with every parting there comes sorrow. It is my privilege here tonight, in bidding Crescent farewell, to review the scenes of the past three years and to look to the acts of the future.

Despite the many-sided part which we have played at Crescent, academic pursuits have always maintained their proper limelight on the stage. Everyone has played some role in Crescent's academic life, if only to spur on those around him to harder work. Together we have survived the rigors of writing essays, the perplexities of math, World Affairs magazines, Latin declensions, chemical formulas and odors, French, physics problems, and the boys, at least, have survived dissecting the earthworm, grasshopper and frog. In any case, each of us has played his part.

Then there has been the athletic side of school life. Proud were the moments when the boys won the provincial football title and city track championship when we were in grade ten and since then, well, we've been trying. The girls, less heralded but no less deserving, have repeatedly won city titles. Our houseleagues have enjoyed great popularity, complementing our success in the interscholastic sphere.

In the spheres of music, art, home economics, industrial arts and business education, our progress has been great and our prizes have been many. Special mention should be made of the three successful operettas in which we took part which contributed to the development of our appreciation of the finer things in life. Our greatest progress, however, has likely been made in social maturity.

Through Crescent's vast extra-curricular program we have learned to conduct ourselves, usually, like normal human beings. We have learned to be an asset to those organizations which we joined and to make contributions not only to the school but to society as well. With occasional reminders from Mr. Cooper such as "The way to show your appreciation is not to stamp your feet," "Certain boys and girls need not display their affection for each other so openly in the halls" and "Throwing snowballs and smoking on school property are definitely prohibited," we have enjoyed many rallies, campaigns, dances and assemblies and conducted them on an often hilarious, but always high plane.

Other recollections come to mind: overdue library books, forgotten assignments, late slips, detentions. But blended in with candy sales, Clippers, Bugles, cafeteria and study hall chatter and the occasional film, these do not seem so serious. All have contributed to make us more responsible, respectful and resourceful individuals.

It would be totally improper to fail to pay respects to those who have directed our scenes at Crescent. Mr. Cartwright greeted us in grade ten with warm and welcoming words. It was he who started us along various channels, found us when we were lost, and saw that our elders treated us kindly on initiation day. Mr. Cartwright taught us many things, one of which was that success is composed of one percent inspiration and ninety-nine percent perspiration.

When we entered grade eleven, Mr. Cooper became principal and brought to that position all the invention and energy of youth. Mr. Cooper's understanding, unassuming nature has endeared him to the hearts of students, teachers, and parents alike.

And then, our teachers. They who have hopefully lectured, painstakingly explained, tirelessly corrected, and occasionally detained. Where would we be without them? May we vow to follow their instructions and heed their advice, for none better shall we ever receive.

We must also thank our parents. Their so worthy but so often neglected guidance, their encouragement, sympathy and support have made an often difficult role seem much lighter. They have fulfilled so many of our fancies, accepted our greater independence, and rejoiced when we have done our best.

I hope we deserve our principal's understanding, our teachers' interest, and our parents' love.

Now, before the curtain finally falls on the high school act of our lives, we must be certain of our places for that time in the near future when it will rise again. It will rise on the greatest stage of all, an exciting but exacting world.

We must be strong to meet the demands of this new atomic-powered, space-motivated age. We must be determined to maintain those rights and freedoms which we now enjoy. We must be ambitious to enable others as well as ourselves to live happy, profitable lives. We must endeavour to make the best possible use of those ideas and ideals which we have acquired in our previous performances. Most important of all, we must continue to learn, reason and create, to recognize the limitations of ourselves and our society and to strive to surmount them. Our performance may have been good in the past; it needs to be better in the future.

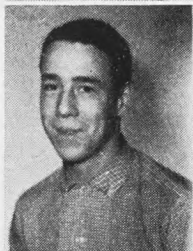

When we enter the next act of our lives, may we assure you:

"The day shall not be up so soon as we
To try the fair adventure of tomorrow."

RANDY DYCK

AIKENHEAD, GLEN—Next to sciences and the Rocket-Science Club, Glen's main activities are houseleague sports and running the mile. His major interest seems to be, however, a "five-foot little miss." Glen's plans for the future include a physics and/or chemistry degree at the U.A.C.

ALFKE, DON—Don says, "I like girls among other things." The "other things" seem to be hockey, tennis, cars and the Toppers Rod and Custom Club. His plans for the future include university.

ANDERSON, JIM—Jim's interests in Crescent have centered around houseleague football and basketball. Also having an interest in the opposite sex, Jim's future plans are undecided.

ANDERSON, MYRNA — Myrna has been very active in basketball, baseball and bowling during her years in Crescent. A career in teaching is forecast for this gal whose pet saying (why of course) is "Big deal!"

ARMSTRONG, JUDY—Judy's interests include horses, good books and family pets. Her plans for the future include being a receptionist and model, for which she seems "ideally" suited. What about Dave?

BANMAN, ROBERT—Robert states that he has no plans for the future. His favorite saying "What's your excuse?" also reflects his melancholy attitude toward life. He did, however, enjoy playing basketball.

BARRETT, KATHY—"Oh piddle" is this girl's favorite saying. She enjoys basketball and curling. After graduation Kathy plans to take a trip and then go to business college.

BEAVIS, MAUREEN—This young lady has been active in her high school days with interschool basketball and volleyball, badminton, C.G.I.T., Hi-Y and Booster Club. Her ambition is to take a Bachelor of Science in Bacteriology.

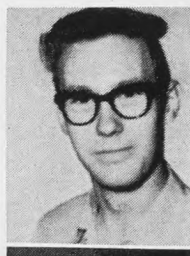

BEAVIS, MYRNA—

Myrna Beavis or "Beaver" as you all know, Is one cute gal who keeps Crescent on the go; In cheering, basketball, and Booster too, You hear her yelling "Hi guys" or "Hey you." In the nursing field she'll go afar 'Cause she's one miss who's up to par.

BEFUS, CAROL—Carol is the familiar girl who has worked on the milk bar in the cafeteria for two years. Her plans for the future will include Koert and her favorite saying is "You goof."

BETCHER, IRENE — Irene's interests include sports, reading, her church choir and young peoples' group. In grade 10 she also attended the I.S.C.F. Her plans for the future center around secretarial work in which she will inevitably succeed.

BERNDT, ERIKA—"Isn't that ridiculous!" is the favorite quip of this petite miss who plans to become a lab. technician or a teacher. Erika has worked industriously in the Bugle advertising section and is also interested in music, a variety of sports, and Edmonton boys.

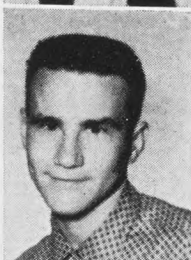

BILLINGS, NEIL—An ardent and able bowler, Neil also enjoys basketball, painting and model crafts. He plans to take a construction engineering course. His favorite saying is "Holy mackerel!"

BJARNASON, MATT—Matt is a man of few words when it comes to filling out a biography form. We wish him success in his "undetermined" future.

BODNER, JEAN—When you hear "Oh Panic!" you know Jean is near. This ambitious miss plans on an education course at U. of A. next year. Besides Booster Club and All-Star Basketball, Jean has been active in G.A.

BOURNE, RON—Ron has three main interests: hockey, girls, and hard-top Plymouths. His favorite saying is "Probably" but his future plans are not so certain.

BOYKO, PETER—Pete is a former member of our Senior Football, Basketball and Track teams. He also has an interest in frat and Hi-Y. He plans to play junior football and to become a teacher.

BRITNEY, SHARON — Sharon is one of our quieter girls around the school. Most of her time and interests are taken up this year by her studies. Sharon plans to be a general accountant.

BROAD, JOHN—After having won the Brownlee Bursary for his work in Grade 10 and the Orange Association Bursary for his work in Grade 11, John has gone on to excel in basketball (junior team, grades 10 and 11; senior team, grade 12) and in the activities of the Hi-Y. John's plans for the future include the U. of A.

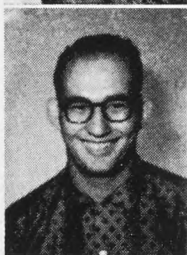

BROWN, BARBARA—Barbara plans to be a nurse and her cheerful disposition should really carry her far. She is a member of Job's Daughters outside of school. Best of luck, Barbara.

BROWN, BRENDA—"Well, I guess!" and you'll know it's Brenda. Coming from Niagara Falls (the town) Brenda has been interested in sports and her sorority. We are certain that she will succeed as a commercial artist.

BROWN, CECIL—Cecil is all physique. An ardent athlete, he particularly enjoys track and football. At present his future is undecided but—P.S.—might he have another interest?

BROWN, HANS—Smiling, happy-go-lucky Hans manages to keep everyone laughing and listening. His greatest obstacle in school so far seems to be the people who are discouraging him from becoming a journalist. Ignore them Hans; keep your goal in sight, and good luck!

BROWN, JESSIE JEAN—Conscientious Jessie Jean is a swell gal who hails from Regina. Her ambition is to travel, and possibly do some work for T.C.A. I am a bit suspicious of her favorite saying, "No Dennis." Care to explain, Jessie?

PREPARE YOURSELF

New discoveries in science have made vastly different changes in our world. No longer can the uneducated men or women be sure of employment.

Automation seems to be taking over. Continue your studies after graduation so you may take your place in this scientific world.

Students of Crescent Heights High "Prepare Yourselves" to be partners to these changes of mechanization and automation.

BETTY FOX

MAY QUEEN -- 1961

Following a colorful, spirited and exhaustive two weeks of campaigning, Crescent students voted for and chose their 1961 May Queen.

This year's sovereign of the Merry Month of May was Betty Fox. At the May Queen Dance, which followed the Awards Banquet, Fran Van Sant, last year's Students' Union President, crowned the Queen with a flowered coronet and presented her with a large bouquet of roses. Among other gifts presented to the Queen was a sterling silver, engraved bracelet from the student body, through the Students' Union. The other candidates for May Queen were: Ilma Feldmeyer, Merle Fraser, Margie Keller, Diane Cheal and Sandy Millar. Each of these contestants received a smaller arrangement of colorful flowers at the dance.

Queen Betty was sponsored by the Girls' Association. She was captain of the Senior Cheerleaders this year and was also an active participant in house league sports. Out of school, Betty's interests include swimming and horseback riding as well as Hi-C and the Teen-Fashion Council at the Hudson's Bay store.

This year's May Queen wishes to become a teacher and plans to attend the University of Alberta next term. To the May Queen, The **Bugle** extends its sincere good wishes; we hope that her future endeavours will equal, at least her accomplishments at Crescent Heights and her service to this school for 1960-1961.

FOOTBALL QUEEN

Vivacious Val Luft of Room 104 was crowned Crescent's "Football Queen of 1960." She received an inscribed locket and, with her ladies-in-waiting, Diane Cheal and Carole Byler, in attendance, was crowned at the annual football dance.

Sixteen-year-old Val is a true Calgarian, born and raised in the "old cow town." She is a grade eleven student, active in the Operetta, Glee Club, Mixed Chorus, Cheerleaders, Booster Club and she is also a feature writer for the "Clipper." Upon completing high school, Val intends a career in journalism.

Holders of season football tickets, along with the football team and cheerleaders, voted Val in as their "dream queen."

Congratulations Val, and the best of luck always.

THE MIKADO

This year's operetta, **The Mikado** by Gilbert and Sullivan, was a great success. The participating students and staff worked with untiring efforts at rehearsals and on the three big nights.

Donna Faye Carr portrayed, with great ability and charm, Yum-Yum, a young Japanese girl just out of school. Other well done female leads included Marilyn Gittel as Katisha, an elderly member of the Mikado's court, in love with Nanki-Poo; Audrey Cramer as Pitti-Sing and Helen Cooper as Peep-Bo. A chorus of twenty-two "School-girls" sang to perfection.

The male leads included Don Woodworth as Ko-Ko, the Lord High Executioner. Nice work, Don! We will miss you next year. Gordon Mehling was Pooh-Bah, the Lord High Everything Else; Barry Wood, a newcomer to Crescent this year, portrayed the Mikado of Japan. Stan Fockner played Nanki-Poo, the Mikado's son, and Lyle Spry was Pish-Tush, a noble lord.

This very successful show was a co-operative effort involving the inspiring direction of Mr. Lloyd Erickson for singers and the orchestra, the cast under Mr. D. Short, the Make-Up Club under Mrs. Betty Gibb and Mrs. D. Boucher; the costume designers under Miss J. Farr, lighting and stage crew—with Mr. Short. Maureen Mitchell again ably assisted by painting the remarkable backdrops. Miss E. Duff was in charge of tickets, ushers, advertising and finances. Crescent Heights is grateful to all who helped with this enjoyable performance.

CRESCENT CARE WEEK

Left to Right:—

Mr. W. Cooper, Mr. H. Bliss, Barry Jonas

Huge banners strung throughout the halls with: "No one Cares but Crescent Cares" signified the commencement of this school's second annual Care Drive which ran from January 30 to February 3. Sponsored by the Students' Union, with Bill Maclean as chairman, the drive was organized to raise funds to provide food and clothing for Korean children.

Monday, January 30, saw the placing of jars in the various rooms for contribution by such criminals as gum chewers and habitual talkers. This was followed by a rally at which alumni Ron Fox and Larry Ikeda, urged

students to make this Care Campaign as successful as the previous one. Throughout the week various activities followed: a gigantic auction at which football players, cheerleaders, and other unsuspecting souls—including Constable Bill Chisholm—were purchased by those desirous of a partner for the "Capers for Care" shag, which followed Wednesday after school; and the selling of brightly-wrapped box-lunches that went for fifty cents each. This, along with a wishing well and a scarecrow, dangling by his neck, inscribed with "Charlie Didn't Care," prompted students to empty purse and pocket.

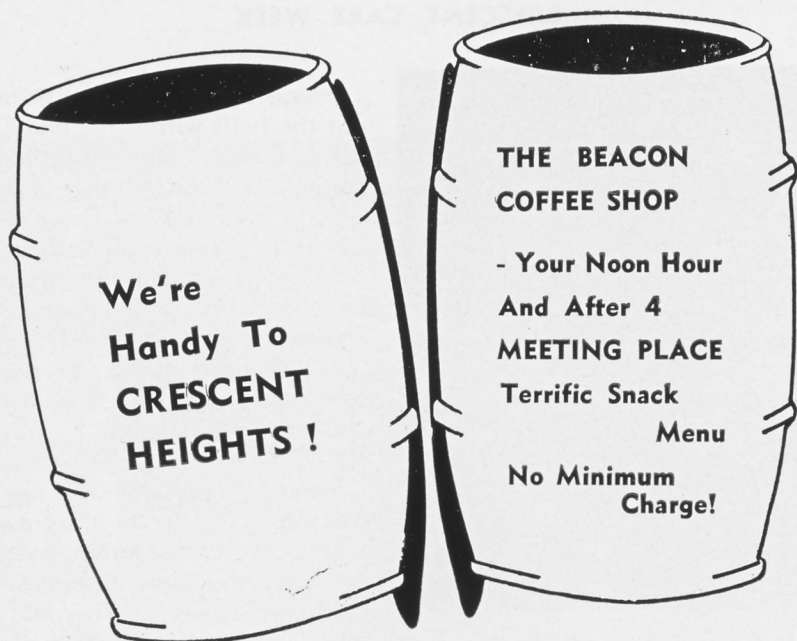

The highlight of the week came, when Barry Jonas, president, presented Mr. H. Bliss, Chairman of the Calgary School Board, with a blank cheque for Care, later filled out for \$779.58. This was approximately \$125 more than the previous year's contribution and \$300 more than the set objective of \$500.

Congratulations to Mr. Hall's class who turned in \$66, closely followed by Miss Dunlop's and Miss Wright's classes.

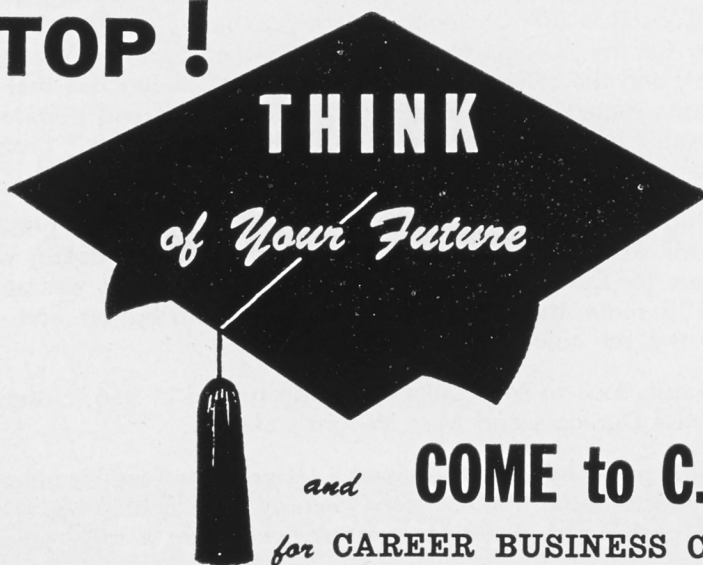

The Students' Union has received a letter from Care Headquarters in Ottawa, which stated that Crescent Heights High School has contributed the largest single donation ever received from a high school in Canada.

Congratulations to all for not only proving that "Crescent Still Cares" but that "Crescent Still Cares the Most."

THE SAFE DRIVING CAMPAIGN

Left to Right: Bill McLean, Constable Bill Chisholm, Bill Middleton, Lynne Francis, Barry Jonas, Sergeant Don Hanson, Judy Connick.

With the success of last term's Safe Driving Campaign still in their mind, the Hi-Y Club was again instrumental in organizing this rewarding project in conjunction with the City Police and the Students' Union. Again under the chairmanship of Bill Middleton, the Safe Driving Committee sponsored the registration of students' cars in which the vehicles were checked for mechanical defects and if none were to be found, the driver was issued a by-law booklet and one of Crescent's distinctive blue and white safety stickers. The climax of the entire venture

occurred on Tuesday, 11 April, with an immensely successful Safe Driving Day which featured an assembly and various noon hour demonstrations, all in the new gymnasium. At the assembly, along with a very informative film, there were presentations made, for their essays on safety, to Ruth Ironside, Marilyn Lathwell, and Carol Dann by Mr. J. Collette, president of the Downtown Lions' Club. On hand to answer questions asked by a panel consisting of Barry Jonas, Lynne Francis, Judy Connick and Bill McLean, under the chairmanship of Bill Middleton, were Sergeant Don Hanson and Constable Bill Chisholm. Mr. Basil Dean, publisher of The Herald, was also present at the assembly and he reminded students to use common sense in driving. During the noon hour, in the new gym students and teachers were able to inspect the many informative displays which were connected with driving. Included in these exhibits were an A.M.A. display, a working set of traffic lights, a motorcycle, a booth for information on student insurance and many photographs showing the results of careless driving. Once more the Safety Campaign was definitely a great success and it is hoped that this event will occur again next year to remind the citizens of Crescent that driving a vehicle requires skill and always a calm and collected outlook on the entire act.

MATHEMATICS ANYONE?

On March 1, 1961, Crescent Heights High School and Viscount Bennett High School held the first interschool mathematics tournament. Previously, rules for the contest were drawn up and separate eliminations were held in each school. The tournament was held at Viscount Bennett and only Mathematics 20 students were involved.

The actual competition consisted of three sets of three questions each. The contestants were given ten minutes to complete each set. After each ten-minute period the papers were handed in and evaluated by the judges: Miss H. Morrison of Crescent Heights, Mr. H. Sharlow of Viscount Bennett and Mr. D. Mack of Queen Elizabeth. At the end of the contest the total points were tallied. Crescent Heights won by twelve points.

The members of the team from Crescent were: Carole Hilstrom, Connie Wilcock, Carol Dann and Rod Digney. Those from Viscount Bennett were Ann Loewen, Pat Knechtel, Tom Messenger and John Park. Tom Messenger was awarded the first prize for the highest individual score and Carol Dann was awarded the second prize. Each of these two received a book of mathematical puzzles.

STUDENTS' UNION

One of the most active bodies on the campus of C.H.H.S. was the Students' Union, consisting of an administrative executive of six officers, two sponsors and approximately forty room representatives. Besides Barry Jonas as President and Murray Luft as Vice-President, the familiar executive included Ruth Ironside as Secretary, Glenn Kirkaldy as Treasurer, and Marlis Kaul and Louise Burt as Fifth and Sixth Member respectively. Sponsored by Miss E. W. Duff and Mr. H. McCullough, the Union met every second Tuesday in Room 135.

The primary function of the Union was to offer and supervise functions in which the student body was interested and in which they also participated. These events included shags and dances, special drives, assemblies and numerous major events in which were included the annual Grade 10 Assembly and Freshman's Day celebrations. A very important function undertaken by the Union and supported well by students and teachers was the Care Campaign from 30 January to 3 February. The student body also participated in Dress-Up Day, 25 April. Again to conclude its ventures for 1960-1961, the Students' government supervised Awards Day and the Graduation Exercises and Banquet.

Another purposeful year for the Students' Union has ended and to the most recent executive which has just been elected, "The Bugle" extends its best wishes.

BOOSTER CLUB

The Booster Club has again had a very active and successful year. Besides supporting all clubs in need of advertising, the Booster Club sold boutonnieres and tickets for all the high school games and the club also decorated for various school functions. The annual Booster Club dance was held on 14 April and was one of the most successful dances of the year, following much preparation and hard work by members of the club. The organization met in Room 122 every second Wednesday under the helpful guidance of Mr. Short. The various executive positions included President, Merle Fraser; Vice-President, Nora-Jo Hounslow; Secretary, Marg Terriff; Treasurer, Peg Pattison; Art Convenor, Helen Stevenson; Decorating Convenor, Cheryl Gilchrist; and Cheer Captain, Betty Fox.

SENIOR CHEERLEADERS

The Senior Squad, led by Betty Fox, practised every noon from 12:15-1:00 and have given freely of their time at all games and workouts. The ten girls composing the squad were: Rose Diehl, Val Luft, Betty Fox, Peggy-Anne Staines, Joanne Mackay, Diane Cheal, Myrna Beavis, Sharon Willner, Cheryl Gilchrist, and Judi Eagleson. These girls not only have supported basketball, football, and track and field but have cheered at each and every rally. Through the Booster Club, these girls received new uniforms consisting of royal blue culottes and white bulky sweaters, of which they are very proud and which have done much to make the Senior group more outstanding than it already was.

JUNIOR CHEERLEADERS

Another first for Crescent Heights in 1960 was a squad of enthusiastic Junior Cheerleaders. These girls practised five times a week, faithfully, for every Junior football and basketball game. The squad started out with twelve members but at the end of the season only seven remained. They consisted of the following: Peg Pattison (captain), Pat Doble, Lynne Francis, Betty Parkyn, Jeanne Carter, Louise Burt and Carolyn Webster.

JUNIOR FRENCH CLUB

The Junior French Club was a small group of French 21 students who were interested in gaining a wider knowledge of the French language. Sponsored by Miss M. Ramsay, the club met every Thursday noon to read and discuss together "en francais." The students were led by Dale Thompson, President; Frank Phillips, Vice-President; and Donna Kirkbride, Secretary.

SENIOR FRENCH CLUB

The executive of the Senior French Club was: Ron Wright, President; Randy Dyck, Vice-President; and Hannelore Kermer, Secretary. The purpose of the club was to improve the oral as well as the written French of its members. It has functioned with the aid of the club's sponsors, Miss H. Smith and Miss M. Ramsay, who gave and marked dictations, organized games and stimulated conversation (all in French, of course!). This year the members wrote a play entitled "Noel en Famille, en France" which they presented before one of the periodic gatherings of Calgary Senior French Clubs. Another big project of the club was its annual candy sale, the profits of which were used for French scholarships to Laval University.

GIRLS' ASSOCIATION

The executive for G.A. in 1960-1961 was:

President	Betty Fox
Vice-President	Marie Gee
Secretary	Joanne Dayton
Treasurer	Ida Thomson
Sponsor	Mrs. J. Jonason

The G.A., a club for all girls in Crescent Heights, was busy this term with its annual G.A. Dance on 25 November which they called Snowflake and their Fantasy Hampers for Christmas, along with a candy sale during Care Week and the annual G.A. Daffodil Tea and Fashion Show on 26 April. A sparkling dance called St. Patrick's Patter, held on 17 March, was another project for the girls. It is hoped that next year the G.A. will have managers for both Volleyball and Basketball houseleagues.

C.H.H.S. MUSIC CLUBS

With Mr. L. R. Erickson well in charge of the Music Department in Crescent, there existed, as usual, a number of active and enthusiastic music groups during the school term. Among this collection was the **Mixed Chorus**, which was comprised of a group of gals and guys who really liked to sing and could sing, too. Over sixty strong this year, the Mixed Chorus had, as President, Don Woodworth who was assisted by Stan Fockner, Vice-President and Bev Jones, Secretary-Treasurer. The highlights of this group's activities included participation in the Christmas Concert at Crescent and the Senior Philharmonic Orchestra's Christmas Concert and, of course, a major part in "The Mikado." The **Girls' Glee Club** was also directed by Mr. L. R. Erickson and its executive embodied Audrey Cramer as President, Bev Jones as Vice-President and Donna Faye Carr as Secretary-Treasurer. This very vocal gang of sixty gals performed admirably in the Christmas Concert at Crescent and in the Operetta as well as enjoying successful participation in the Music Festival. Few people need to be reminded of the excellence of the performances of Crescent's **Orchestra**. Its talents were demonstrated

aply at various assemblies and Home and School meetings. Many also enjoyed the fine quality of the music at the Operetta and Christmas Concert, and to finish its active term, at the Graduation. Any who may doubt the merit of these musical associations, which also include the **Vocal Ensemble**, need only inspect the wide display of certificates in the Music Room to be convinced of the fineness of these groups. Many students are grateful for Mr. Erickson's interests and abilities in the broad field of music; these qualities have provided many opportunities for expression of the talents of numerous Crescent pupils.

SCIENCE CLUB

The Rocket Club is now defunct and the echoes of rockets knifing their way through the clouds have subsided in the ears of Crescent's amateur scientists. Instead, odorous gases are now curling their noses. During its first year, the Science Club with Bill Lenihan as president, Mel Fishman, vice-president, Don Haniuk, secretary-treasurer, and Mr. R. Wilkins as sponsor, has occupied itself with the laboratory analyses of unknown compounds and solutions. Should the present trend of enthusiasm continue, the boundless vistas of science will unfold before the club.

SERVICE CLUBS

BOYS' ASSOCIATION

This year, the Boys' Association staff decreased a little but the group still worked very hard. During all the football dances at Crescent, the Boys' Association played junior detectives, supervised at all entrances and exits and, in general, watched the conduct of the dances. This active club also worked hard at the basketball games and the June Prom. The club to date has had great success and plans for an even better term next year. The executive for this term included Don McKay as President and Don Quinn as Secretary. Mr. Mather was club sponsor.

THE CLIPPER

The Clipper, Crescent's school paper, has been this year, as in several past years, the proud possessor of two staffs. One consisted of the Creative Writing class, with editor Pat Hopkins. The other was the Language 20 class of Room 208, which did some writing over and above the designated course. Their editor was Carol Dann.

The paper was circulated monthly and in the course of the year six issues were produced. These, including the special Christmas and April Fool's editions, contained novelty columns and feature articles of very high calibre along with excellent news coverage.

Although the two staffs found some financial problems cluttering their paths to complete success, the Students' Union and the support of the students themselves helped the Clipper out of the red as the year drew to its close.

The experience gained by those concerned, and their guidance from the Clipper's sponsor, Miss Weston, is considered by them to be invaluable.

DANCE CLUB

Under the capable sponsorship of Miss D. Jackson, the Dance Club has cha-chaed, fox-trotted and jived through its second year in Crescent. This year the president was Ron Wright, with Deanne Smith as secretary. In addition to regular instruction in a wide variety of dances every Thursday, the Dance Club also sponsored the May Queen Dance. A wiener roast was held in June to complete the year's events.

HI-Y CLUB

The C.H.H.S. Boys' Hi-Y Club has enjoyed a profitable year of service to our school. Their activities included the sale of school sweaters; the planning, in conjunction with the City Police, of Crescent's

Safe Driving Campaign; and the coat-checking service at all school dances. The club's twenty members met every Thursday noon to discuss club projects and to hear special speakers. Under the capable guidance of Mr. J. F. Coop, the executive was President, Murray West; Vice-President, Murray Luft; Secretary, Lorne Klippert; Treasurer, Peter La Marsh; and Chaplain, Doug Ramsay.

LIBRARY ASSISTANTS

Perhaps you have been whispering in the library and have heard a "Shh," then turned around to see Betty-Anne Robertson, Gail Clarke, Joanne Swales, Connie Mulder or Carol Dann. However, these girls were just doing one of their jobs, making the library the quietest study hall in the school. Besides helping Mrs. O'Brien with her general housekeeping in the library, the library assistants aided in the general work at the counter and did such other chores as put cards in returned books and replace all the books in their places on the shelves. Another task was to put pockets and date due slips in new and rebound books. Although it was the quietest place in Crescent due to the diligence of the assistants in following their duties, the library was also one of the busiest places particularly at Christmas or Easter Holiday time, and at the end of the year when hundreds of new books were purchased. Mrs. O'Brien was very grateful for the efficient aid of her student assistants and she also appreciated the new Library Assistant, Mrs. C. Marion, who did so much to facilitate the smooth operation of the Library.

MAKE-UP CLUB

The Make-Up Club has, as usual, been searching diligently for guinea pigs on which to display their artistic talents. After many practice sessions, they have learned various skills in the characterization of human features. The largest and most enjoyable activity was the make-up for the operetta. This year's operetta, "The Mikado," by Gilbert and Sullivan, taxed all ingenuity and the club was kept very busy. The executive included: President, Don Woodworth; Vice-President, Kay Isaac; Secretary, Lorene Merkley, with Mrs. D. Boucher as sponsor.

PHOTO CLUB

The executive of the Photo Club was: Jim Mayhew, President; Tony Field, Vice-President; and Mel Fishman, Secretary-Treasurer. The Club's equipment included an enlarger, a machine to copy prints and various other essential items of picture development. The activities of the club consisted of a series of contests for all members, the results of which were very good. The yearbook contains a few pictures taken for **The Bugle** by the members of the club. The meetings were held every Tuesday noon in Room 129B (the dark room) and they were sponsored by Mr. G. Caron, as instructor in Photo and Technician technique.

RED CROSS CLUB

A busy and very successful year has just passed for the members of the Red Cross Club. The most outstanding projects of the club this year were a bi-monthly pie sale, teachers' teas and varied art exhibits in the school halls. As an international project, the club sent supplies to a Greek school, and albums to various other countries. A later project was the Christmas Penny Drive, the proceeds of which were used to buy food hampers for pensioners and needy families. Thanks to the generous contributions by Crescent students and teachers, many needy people had a happy Christmas. The President of the club was Ron Wright and he was assisted by Virginia Gabara as secretary. Miss M. Campbell was club sponsor.

Y-TEEN CLUB

The Y-Teen is a service organization associated with the Y.W.C.A. The sponsor was Miss O. Jagoe and the executive was: President, Marlene White; Secretary, Colleen Benner. The main projects this season have been the selling of Christmas cards and candies. The meetings were often visited by interesting guest speakers on fashion, beauty and vocations. Any girl in C.H.H.S. is eligible to join Y-Teen and the club hopes for a fuller participation next year.

SPORTS CLUBS

BADMINTON CLUB

The Crescent Badminton Club, under the leadership of President, Lynn Desilets; Vice-President, Barry Parsons; and Secretary-Treasurer, Carole Byler, has gained a membership of over seventy students. Early in the school term the club held a tournament for club participation. Throughout the year, energetic members have turned out for the weekly practices on Thursday and Friday mornings. Crescent Heights High School was host to the International Badminton Tournaments for Boys' and Girls' singles and doubles and mixed doubles. One of these games was played in January, another was played one month later and the concluding game occurred on 12 March. A final club tournament was held at the close of the school term. Club sponsor was Mr. Hall.

BOWLING CLUB

The Bowling Club, under its President, Neil Billings, and Assistants, Denny Naughton and Doreen Kain, met every Tuesday at 4:00 p.m. at the Crescent Bowling Alleys. The bowling began about the middle of September and ended with a distribution of prizes at the end of February. The club was sponsored by Mrs. G. Nicholson.

GIRLS' CURLING CLUB

The girls curled on Tuesday afternoons at 4:30 p.m. with two instructors from the North Hill Curling Club. The president of the Girls' Club was Carol Donaldson and Julie Gomer was the secretary. The team for the girls' playdowns, which began in late January, consisted of Carol Donaldson, Shirley Jacobs, Kathy McDonald and Julie Gomer.

BOYS' CURLING CLUB

The activities of this club consisted of two draws, the second one for prizes, the extra-mural plays, and the Christmas bonspiel, for the Taylor, Pearson and Carson championships, plus the Medicine Hat Bonspiel. All these activities have taken place this year for the boys in Crescent who liked to curl. Another first was the presentation of crests to the members of the club. Under the sponsorship of Mr. F. Barnes, the active executive was: President, Don McDougall and Secretary-Treasurer, Murray West.

SKI CLUB

The Ski Club this year got off to a good start and after Christmas became one of the most active clubs in the school. The club was under the leadership of Gerry Hayes, President; Joanne Mackay, Vice-President; Dave Trevelyan, Secretary; and Mary Purves, C.I.S.S.A. representative. The Ski Club has attempted to increase interest in this sport by joining the local Youth groups who sponsor many ski excursions to Mount Eisenhower. The club has also gone to Paskapoo, Banff, Whitehorn and Bow Summit for many weekend trips.

SOCCER CLUB

A Soccer Club was organized in C.H.H.S. in 1960 to promote the "universal sport." These same few took part in a city championship against Western Canada High School and won the pennant. The Soccer Club is now largely independent, although they did obtain some support from the school. The club hopes to secure uniforms, special equipment and facilities in the near future. In the fall, the club received help from Mr. D. Salmon, its sponsor, in special workouts. Their success was demonstrated by the club handing out two defeats in that same season. The members of the club hope and strive toward achieving interscholastic soccer competition in the city within the next two years.

What's new?

"What's new" you often hear people greet one another with this phrase.

People today are better informed—they know more than the generation before them.

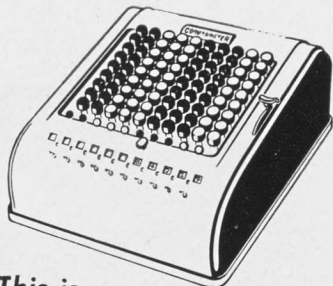

All age groups have to learn more, and know more; to keep abreast of the development and progress in today's world.

Good citizenship requires men and women to be well informed about what is going on in their local community and the world at large.

Reading your daily newspaper regularly will keep you informed of what's new.

EVERY DAY A SPECIAL DAY

Some time ago Canadians were confronted with Remembrance Day, on which they paid their annual tribute to those who died in the two World Wars. After dropping some change in a can and selecting a poppy to wear on my lapel, I began thinking about the various "special" days and weeks throughout each year. I proceeded to make inquiries about some of these and was amazed to find Canadians recognizing such a large number of different organizations in this way.

How considerate we are to show respect to so many different people! There is April Fool's Day for the prankster, Farmers' Day (celebrated by all but the farmers), Valentine's Day, Boxing Day, Thanksgiving Day, Sadie Hawkin's Day, Pancake Day, Father's Day and Mother's Day. But this last one is not content to have one card by each person to his mother. No! Now there are cards printed reading "To my sister on Mother's Day" and "A Mother's Day greeting to my daughter." Canadians should not stop here, however. Why should there not be such days as Second Cousin Day, Clock-watcher's Day and Do-It-Yourself Day? Certainly we mustn't let anyone feel left out.

But some people are not satisfied to set aside only a mere twenty-four hours for observance. Instead they use seven whole days, and the result is National Newspaper Carrier Week, United Nations Week, National Electric Week, National Radio Week, Muscular Distrophy Week, National Safety Week, National Television Week, National Wildlife Week, and, for the Epicureans, National Doughnut Week and National Cheese Week. (The word "national" must begin each name in order to procure an authoritative tone.) Here again I insist that many affairs have been omitted. I suggest that National Butterfly Week, National Cigar-smokers' Week, National Alfred E. Newman Week, and for junior, National Diaper Week, be inaugurated to help complete the list. (This is on the assumption, of course, that such weeks have not already commenced; it is difficult, indeed, for one to know for certain whether the existence of a particular week is real or fictional.) Those fanatics who have little to do aside from naming days and weeks might also reflect on the idea of entitling the various months in recognition of such important matters as bird-watching and whittling.

Of what value is all this day-naming? Undoubtedly there are a number of people who stand to profit from it financially, with those deserving to benefit reaping only a small portion of the return. On the other hand, many such undertakings seem to be beneficial to the promotion of worthy causes, although the actual reasons for the holding of such days as Remembrance Day are often overlooked. Whatever the purpose, I'm sure this practice will continue. But permit me to conclude with one question: What will happen when each of the 365½ days has been given a name?

I FALL CONTINUALLY

Last Tuesday the escalator maliciously
Tripped me and gouged perniciously
Soft flesh from my left ambulatory organ,
While it carved from my right a veritable Gorgon.
Of late I have had this painful cross to bear:
Supposedly inanimate objects activating their
Rare capacities for causing me injuries, attack
With a ferocity which leaves me quite taken aback.
According to the lauded pathetic fallacy
My abusers should actually feel sympathy;
Instead, things happen just conversely.
Whatever has made them behave so perversely?
Winter's aftermath—four wiggly lines imprinted by ice—
Will be with me forever and they're not very nice.
The objects that ambush me are all inexorable
And the scars and embarrassment they cause quite horrible.
I plead persecution, yet in the end must admit
My clumsiness will not be cured by hiding it.
I must sooner or later confess to my pals
That the trouble is my own semi-circular canals.

PAT HOPKINS

FAITH

You say that you can't understand
The world and all its woes;
You say that we will kill ourselves
As knowledge spreads and grows;
You say that science has one task,
To drown our lives in fate,
But please don't leave yet, my old friend;
Your thoughts they bear no weight.
You maintain that the Russian men
Alone do cause all war;
You criticize the Chinaman
Who runs the corner store;
You judge outright the Negro man
Who lives on Maple Street;
Unthinking you destroy mankind
In ignorance and conceit.
You say that you can't understand
The world in all its woe;
You ask why people fight and kill,
Why men want freedom so.
Tomorrow you will go to church
And pray to God for peace,
But God He can do nothing when
Man's faith in man does cease.

ON AUDIENCES

Audiences! Polite, discreet and usually bored, they sit patiently through prolonged performances. Of what is this body composed?

An audience at a symphony or celebrity concert is made up of many groups. There is the social elite which attends because it is its duty to support such activities. Besides, these concerts provide an ideal opportunity to flaunt the latest fashions. There is the upper-middle class who would like to appear cultured. This group is comprised of the elegant woman and the tired businessman. During the performance she may be seen discreetly prodding her escort at strategic intervals to prevent a conspicuous snore. And, of course, there are those who are induced to attend by their zeal for music. This group is divided into two main groups; those who love all music whether baroque, classical, or ultra-modern, and those who are critics, professional or otherwise, who listen carefully to the music with an occasional smile of agreement or scowl of disapproval.

Recitals are a different matter. They are attended by a few friends of the performer who vociferously and indiscriminately applaud each and every number. These friends bring other friends who applaud less exuberantly. The conscientious music lover is torn between politeness and his own opinions. Music students are often seen at recitals, analysing style, technique and presentation or lost in hero worship.

Other groups are seen at dramas. Teenagers, eager to be together, hold hands under their program and occasionally gaze soulfully at each other. There is one group which appears more dramatic than the actors. It is comprised of the men dressed in suits, flashy ties and beards and the women dressed in outlandish dresses, sloppy hair styles and excessive make-up. I suppose they think their eccentric manners and attendance at dramas tie them in with the world of show business.

Comediennes usually have the most attentive audience. This audience comes to be entertained but in the minds of the people are three thoughts. The first group thinks, "Madame Chucklenow is a wonderful comedienne. I bet I'll laugh all night." The second group thinks, "It should be an enjoyable evening." The third group thinks, "I dare her to make me laugh. I just dare her." Naturally, the second group appreciates the comedienne most because the other groups are too busy laughing or not laughing to get the point.

Yes, audiences are a mixed lot and I'm glad they are. After all, as Anna Russell puts it, "It isn't only on this side of the footlights where all the acting goes on."

GWEN ROBERTS

THE VIGIL

The dusky evening hour is come and God is near;
Part of the things we see and sounds we hear,
Walking amidst the whispering flowers and trees,
That bend as if fanned by a gentle breeze,
He touches petals weary from the dusty day,
Bruised by the hands of children at their play.
He smiles at the people kneeling at evening prayer
And all but the pagan feel his presence there.
He blesses food that on humble tables steams
And sends the children sweet and happy dreams.
He soothes the woman in labor and cools her brow
And smiles on the Moslems who eastward bow.
The world is hushed, calm in the fading light,
And people safe with God sleep through the night.

THE THINKER

The full freshness of Spring
Commands the air
And boundless energy, revival and rebirth,
Spill over a wakening world.
The trickling, gurgling, rushing waters
Freed from a captivating coldness
Spread their life-giving content
To the struggling grasses and brush
And ancient trees.
Beneath one tree I lie in fond repose
Filled with spring thoughts
And great wonder at creation.

Such is the rambling of life
In its perpetual way, thought I.
A lifetime is a year, a month, a century:
Time itself cannot be measured
By a swing of the pendulum
But rather, by a series of accomplishments,
Of doing, creating, enjoying.
Life is active, unceasing in energy:
The trees move and utter soft sounds;
The grasses dance and frolic with the breeze;
The brooks and streams laugh
As they slide quickly
Over polished stones.
Ah! Life is truly a gaiety of movement,
Thought I, lying in fond repose
'Neath that ancient tree.

Essence of carnations,
Odor of pine,
Sharp pungent potion of

Dainty blue violets
With ruffled edges,
Saucy robin red-breast
Neath clipped emerald hedges.

Precursors of spring
These tell-tale signs,
But not to them
I do write these lines.

No, here in the lab
Our glee and pride,
Our prophet of spring,

LIFE

Only a raindrop falling
From out a leaden sky;
Only the wilderness calling
With its haunting, lonely cry;
Only the beat of ages
Tearing my soul apart;
Only beasts in cages
Crying in my heart.

Only the smell of cooking
Drifting across the room;
Only a child looking
With wonder at a tomb;
Only the night winds sighing
After the death of day;
Only a strong man crying
When his woman has gone away.

Only the sound of knitting
In a warm and homey place;
Only a pensioner sitting
In her faded silk and lace;
Only the sounds of living
In a world torn by strife;
Only small people giving
And holding on to life.

PIRATES OF PENZANCE

SENIOR FOOTBALL

This year the Hillmen experienced only an average amount of success in their football league. The Crescent fans, however, were not disappointed with the high standard of play and sportsmanship demonstrated by our team. As a result of having several excellent holdovers, this year's team could quite possibly develop into a champion by next season. A sudden blow to the Crescent football fans was the post-season retirement of A. R. "Butch" Roberts, head coach for the last fourteen years. It is hoped that Mr. Robert's assistants will be able to carry on the fine work that he has already established. Crescent will not soon forget Mr. Roberts.

The members of this year's team were:

MURRAY LUFT

SENIOR GIRLS' BASKETBALL

Although they were frowned upon by Lady Luck, the Senior team, coached by Mrs. J. Jonason, had an enjoyable and profitable year. The team members were: Ida Thomson (captain), Diane Cheal, Trudie Clarke, Ilma Feldmeyer, Betty French, Iris Nicol, Faye Owsley, Betty-Anne Robertson, Marg Terriff and Laurie Wilcox.

The Hanna High School basketball team, the Redwings, paid a visit to Crescent. The Crescent team defeated the Redwings. However, when the Crescent girls returned the visit on Saturday, January 7, 1961, they were defeated by one point. This was the first time that a Calgary High School basketball team had played in Hanna. Both teams exhibited fine basketball ability, real sportsmanship, and true friendship. This is the ultimate in interscholastic sports.

JUNIOR GIRLS' BASKETBALL

The Junior team, coached by Mrs. B. Lander, was an excellent example of Crescent's spirit this year. All games were determinedly played and won with the exception of a few close ones. In the finals, however, Crescent was defeated by Western. The team members were: Elaine Bramall, Helen Findlater, Ursula Fricke, Rita Fulton, Jean Van Gaalen, Carolyn Gray, Sherry Gutowski, Mavis Huggard, Judy Oakander, Margaret Ramsay, Joan Thomas, Lenore Wachtler, and Lois Williams.

SENIOR GIRLS' VOLLEYBALL

Under the superb coaching of Mrs. J. Jonason, Crescent's Senior volleyball team finished the season in great style by capturing the city high school volleyball title. The team was awarded the Peggy Wylie Trophy, which was named in honor of Miss Wylie, a former teacher at Crescent Heights High School, because of her fine contribution to girls' sports. Team members were: Roberta Mason (captain), Rose Majewsky, Sally Storey, Heather Dawson, Marie Gee, Annette Aumonier, Brenda Northam, Gail Dobson, Alice Mikkelsen, Judy Rice, Joanne Mackay and Gloria Toews.

JUNIOR GIRLS' VOLLEYBALL

Under the expert coaching of Mrs. B. Lander, Crescent's Junior volleyball team captured the city high school title. The team was awarded the Nellie James Trophy, which was named in honor of Nellie James' great contribution to girls' sports. The team members were: Elaine Patterson, Joanne Dayton, Linda McDonald, Carolyn Webster, Marion Ogilvie, Reenie Crump, Lil Namilin, Joanne Roper, Betty Hepburn, Dorothy Northam, Pat Nicolson and Susan Yule.

JOKES

Fat lady impatiently waiting to be offered a seat on a crowded rush-hour bus: "Isn't anyone going to offer me his seat?"

"Well," said a small timid man, "I'm ready to make a small contribution."

Two women were boarding a jet airliner. One of them turned to the pilot and said: "Please don't travel faster than sound. We want to talk."

Mr. Menzies turned and announced to his class: "Here in this parcel we have a dissected frog, and we shall see the intricate network of ligaments and veins, and note especially its intestinal composition." On saying this, Mr. Menzies carefully unwrapped the parcel and exposed two ham sandwiches and a boiled egg. "How can this be?" he said. "I've already eaten my lunch."

Bill J.: "Why do you go steady with her?"

Frank C.: "She's different from other girls."

Bill J.: "In what way?"

Frank C.: "She'll go out with me."

April 1 is the day upon which we are reminded of what we are on the other 364. — Mark Twain.

A South American was describing his country to an American woman. "Our most popular sport is bullfighting," he told her.

"Isn't that revolting?" she asked.

"No," smiled the man, "that's the second most popular sport."

Papa Kangaroo: "Arabella, where's the baby?"

Mama Kangaroo: "Oh, my goodness, I've had my marsupium picked."

The decrepit old car drove up to the toll bridge.

"Fifty cents," cried the gateman.

"Sold," replied Diane Mott.

"I shall illustrate what I have in mind," said Mr. McCullough as he erased the blackboard.

Dennis D.: "Dad, liniment really makes my arm smart."

Mr. D.: "That's good. Try rubbing some on your head, too."

Mr. Baldwin: "If we breathe oxygen in the day time what do we breathe at night?"

Andy H.: "Nitrogen?"

Miss Dunlop: "Gloria, why are you late this morning?"

Gloria C.: "Classes started before I got here."

Helmut S.: "I've lost my Prinz."

Hans B.: "How?"

Helmut S.: "When I tried to crank it, the darn thing flew off the handle into the long grass and I haven't been able to find the car since."

Mrs. Hackett: "Velma, what do we call the last teeth we get?"

Velma T.: "False ones."

Lynn D.: "Who is your favorite author?"

Ruth I.: "My dad."

Lynn D.: "What did he write?"

Ruth I.: "Cheques!"

"I'd like the telephone number of Stanislaus V. Drenskedodevitskivitz at 51535 Cockatauwapua Boulevard," a man told the information operator.

After a pause, the operator said, "We have a Stanislaus V. Drenskedodevitskivitz at 51535 WEST Cockatauwapua Boulevard. Is that the one?"

"I haven't had a bite for days," said the tramp to the landlady of an English Inn, the George and the Dragon. "Do you think that you could spare me one?"

"Certainly not," replied the landlady.

"Thank you," said the tramp and slouched off. A few minutes later he was back again.

"What do you want now?" asked the landlady.

"Could I have a few words with George?" said the tramp.

The girl who swears that she has never been kissed has a right to swear.

"Have any of your childhood hopes been realized?"

"Yes. When mother used to pull my hair I wished that I didn't have any."
